COACB Family Classic Channel

The COACB Family classic channel is scheduled to launch on April 1, on 39.4 Equipment and programming for this channel has been ordered and is scheduled for delivery on March 28. Jonathan reports he expects to have the channel up and running within 72 hours after delivery.

How many of our readers remember when television was fun, and parents were not afraid to let their children watch it. I can still remember as an eight year old, watching the TV test pattern from 4:45 PM waiting for the television station to sign on for its 6 hour broadcast day. At exactly 5:00 PM a voice cried out, "Hey Kids do you know what time it is?" Yes, we all knew it was Howdy Doody Time.

Just a few of the classic programs that will be carried are, Roy Rogers, Petticoat Junction, Lone Ranger, Beverly Hillbillies, Buffalo Bill Jr., Red Skeleton, Bonanza, Range Riders, Lucy, Davy Crocket, Gabby Hayes, and many more. Jonathan has even come with a few episodes of Howdy Doody.

This channel will not be on cable or satellite so buy your antenna now. With all of these great shows available for free, who needs cable.

THE POWER OF ONE DOLLAR

The Central Ohio Association of Christian Broadcasters has permission from the FCC to increase the power of WGCT in Columbus, Ohio but it has found it very hard to raise the money. The organization is now engaged in a novel new program to raise that money one dollar at a time.

Go to www.coacb.org and click on the donate button. Donate \$1.00 then tell friends and ask them to also donate a dollar. The power is in the number of donators. Almost anyone can afford a dollar and by working together we can afford to buy the equipment needed, one person and \$1.00 at a time. Yes, praise the Lord, it works.

NEW SERVICES FROM COACB

It is now possible to watch COACB stations from almost anywhere in the world. Almost all hospitals, airports, schools, hotels, nursing homes and restaurants have free WY Fi hotspots. Using a hotspots to receive COACB stations requires any one of the following: smart phone, ipad, ipod, computer, ebook, or android devices.

If you have anyone going into a hospital in a far away city simply purchase a small android tablet for them (\$49). They can then watch their favorite COACB programs while they are there. You may also want to set up a Skype account on the device so they can call home for free.

Video On Demand

Tom Beaver has just completed a new project for the COACB that allows video on demand. Watch what you want when you want to see it anywhere in the world. The site is located at wiki.coacb.org. Programs are formatted for Flash or HTML5

Programs are stored in 15 minute segments but some computer programs will allow you to download and convert the programs into DVDs.
