Happy Easter

DID YOU JOIN THE CHALLENGE?

Russ McMillon from Kenton station issued a challenge to Jonathan Aiken from the Delaware station to a contest in which the losing station would treat the volunteers of the winning station to a pizza party. The winner would be the station that raised the most money during the telethon so the contest was on. The results of the first night showed that Kenton raised \$65 more than Delaware. On the second night the two stations were just \$15 apart and everyone was having a great time. Every few minutes the two stations would exchange information on how much was raised and share the totals with their viewers. Finally on the third day Delaware started to pull ahead. The Kenton station had raised money for new cameras just two weeks earlier so David Aiken, President of the COACB, declared both stations winners. The pizza party was March 13 and volunteers from both stations had a glorious time.

Kenton raised over \$3,500 in addition to the \$5,600 they raised for new cameras. Delaware raised over \$7,600 in addition to the \$500 they raised for a new sound system. Marion raised over \$16,000. The bake sale table raised over \$700. So the grand total for the spring Telethon was \$33,300. Thank you to all who made COACB a success!

DID YOU SEE THIS SECOND IN TIME?

Unless you were there, you can not imagine all that goes on during a COACB Telethon. Picture this...Carolyn Aiken and Bud Layne are auctioning items, Reta is putting items in order to be auctioned. Judy Stoner is transporting items to the auctioneers. Dan Faber and Harold Stoner are transporting items to the room where they can be picked up. Paul Walters is running video. Stacy Crawford is running graphics, and is explaining to the relief crew, Leo Gilliam, Alvin Stover, and Dean Bentley, how to use the pre-recorded video for the next item coming up for bid. Shirley Landrum, Dixie Stover, and Dee Harris are answering phones. Betty Syck is matching bid sheets with items. David Dodge is operating the radio, Kim Cranston is manning the bake sale table and David Aiken is on a cell phone with the Kenton station. In addition to all of this you have people coming in to pick up items and other bringing items in for sale. You have just seen one second of time at TV 39 which is just one of the three COACB stations. The telethon last 25,600 and over 300 people worked to make it a success.

TRY THESE RECIPES!

MASHED POTATO CANDY

Thelma Aiken

¾ cup cold mashed potatoes; 4 cups shredded coconut; 4 cups confectioners sugar; 1½ teaspoons vanilla flavoring; ½ teaspoon salt; 4 ounces baking chocolate.

Mix plain mashed potatoes (no milk, butter or salt added) and confectioners sugar. Stir in coconut, vanilla and salt. Blend well. Press into 1 large pan or 2-8 inch square pans so that candy is about ½ inch thick. Melt chocolate in double boiler, over low heat. Do not allow water to boil. Pour over top of candy and cool in refrigerator. Cut in bite-sized squares or for variation you can roll in balls and roll in cinnamon or shape in 1 inch high cones and dip base in chocolate forming little hay stacks. Yield about 100 hay stacks.

BARBECUE CHICKEN PIZZA

Anonymous

2 boneless skinless chicken breast halves (about ½ lb.), cut into thin strips; 1 green pepper, cut into strips, ¼ cup thinly sliced red onion; 1 prepared pizza crust (12 inch); 1/3 cup Kraft Original Barbecue Sauce; 1 cup Kraft 2% Milk Shredded Reduced Fat Mozzarella Cheese; 1 cup Kraft Fat Free Shredded Non-Fat Mozzarella Cheese.

Spray large skillet with no stick cooking spray. Add chicken, green pepper and onion; cook on medium-high heat 4 to 5 minutes or until chicken is cooked through. Place crust on cookie sheet. Spread with barbecue sauce. Top with chicken mixture and cheese. Bake at 400 degrees for 15 to 18 minutes or until cheese is melted and crust is golden brown.

SIMPLE MEAT BALLS

Betty A. Syck

Season one pound ground beef lightly with salt and pepper. Form into one inch balls. Brown in skillet using enough cooking oil to brown evenly. Remove excess fat when browned. Add ½ can cream of mushroom soup which has been diluted with equal amount of water. Stir well, then cover and simmer 30 minutes. Serve over rice.

CHOCOLATE VELVET PUDDING PIE

Anonymous

One 4-serving-size package chocolate flavor instant pudding and pie filling; 1 cup cold milk; 2 squares semi-sweet chocolate, melted (optional) or ½ cup semi-sweet morsels; one 8-ounce container non-dairy whipped topping, thawed; 1 graham cracker crust.

Prepare pudding with 1 cup milk as directed on package, with electric mixer. Gradually blend in chocolate at low speed until smooth, then fold in whipped topping. Spoon into pie crust. Freeze until firm, about four hours. Garnish as desired.

GOSPEL ROADMASTERS VIDEO

The Gospel Roadmasters released their new DVD, LIVE AT TV-39. The project featuring 13 songs was recorded live at TV-39 on February 23. The program was scheduled for 8:00 PM and a large studio audience came to be a part of the event. Post production was handled by Stacy Crawford and the DVD was produced using the COACB's new automated DVD publishing system.

NEW VIEWERS

The COACB welcomes the 74 new viewers at the Harding County Health Center. The center has its own private CATV system so the COACB provided all the equipment to add channel 48. The COACB will provide at no cost, equipment needed to add one of its stations to the channel lineup of any CATV system, hospita, nursing home, trailer park, retirement complex, or prison. Contact David Aiken at (740) 383-1794 for more information.

UPDATE PROJECT HOMECOMING

Last month I shared with readers a new project called Project Home Coming. We plan to bicycle DVDs to prisons and nursing homes allowing residents the ability to view community church services. Because of security concerns, we have now been informed by the prisons that DVDs can not be returned. Instead the DVDs will become a part of a permanent library maintained by the Chaplin at each facility and be available to any inmate wishing to view the DVD. This greatly increases the cost of the project but we are still moving ahead because we hear again the words of the Lord. "I was sick and in prison and you visited me not."

STORIES FROM MY RELATIVES

John Hoffman

I would like to tell you about my Uncle Clodd. His last name is Hopper. Uncle Clodd was a poor farmer. He never had anything modern in his home. He was really back woodsy. He didn't have a radio or TV. It so happens he spent his last dollar on a lottery ticket. And, would you believe it, he was a million dollar winner. The first thing he did was to have a \$300,000.00 home built. I asked him one day, "Uncle Clodd, How large are your bathrooms?" He thought for a minute, then replied, "Well, John, I reckon we can seat eight."

HOW TO RECEIVE YOUR COACB STATION BY ANTENNA

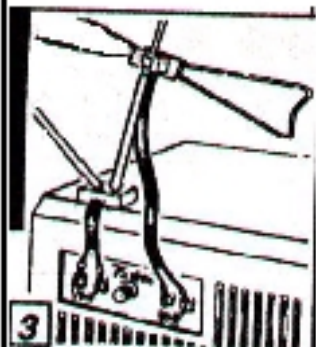

First you need a good UHF antenna. If you are close to the station, an inside antenna may be sufficient, but usually an outside antenna mounted as high as possible works best.

HELPFUL TIP:

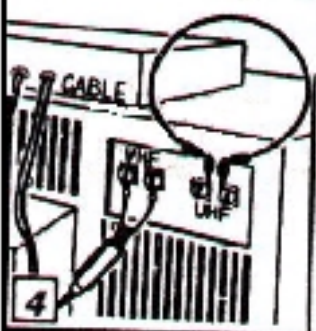

The COACB has made special arrangements with several suppliers to offer antennas at wholesale prices.

If your television has separate VHF and UHF inputs then you will need a splitter. Most modern TVs have only one input and do not require a splitter.

Connect your set as shown if you are using inside antennas to receive both UHF and VHF. Be sure that the UHF antenna is connected to the UHF input. If you have only one input then a combiner must be used to combine the signals from the two antennas.

If your cable company does not carry your COACB station, you can still use the UHF input and an antenna to receive it. If your set has only one input, you will need an A/B switch to switch between cable and antenna.

There are reports from several people that after installing a good outside antenna and booster, that they were able to receive up to 10 stations that their cable system did not carry.

GOT A DISH???

You can still use an antenna to receive all local channels including your local COACB station.

On the back of Dish and Direct-TV receivers there is an input for a VHF/UHF antenna. Anytime the receiver is turned off, the signal from this input is looped through to the television. Because this is a passive switching circuit there is some loss and may require a signal booster for weak signals.

NEED AN ANTENNA OR BOOSTER?

The COACB has made a special arrangement with an electronics distributor so viewers can purchase, at wholesale prices, antennas, towers, boosters, or other items required to receive a COACB station.
