AUGUST 4, 2008

It is now official, The FCC has posted a notice that all Class A stations can file to maximize their coverage area on August 4, 2008. Our consultant is already working hard on getting all the engineering ready. If the paper work is filed on August 4, we expect approval sometime in October.

*** HOLD THE PRESSES***

Our consultant just sent an Email that he has run the numbers and he expects the FCC to allow channel 8 in Columbus to be licensed to operate at the full legal power limit for a Class A VHF digital station. Can you imagine what that means? It means that no one in the USA can operate a more powerful VHF class A station than Channel 8 and Channel 8 will have the potential to reach millions of people with six channels of Christian Television 24 hours each and every day of the year. He said that the engineering report for Channel 39 and Channel 42 will not be ready before the newsletter must go to press but he thinks the viewers will be very well pleased. We will keep you informed.

GOD'S WIRELESS CABLE SYSTEM

David Aiken

I am starting to believe that when people receive all five major networks, five PBS programs, the weather channel, six Christian channels, two shopping channels and twenty other channel all for free, cable and satellite systems are doomed. That day will arrive very shortly.

You may already have cable TV or satellite TV but how many channels do you actually watch? The average person watches only 5 channel regardless of how many channels are available.

The COACB is already in talks with several Christian Networks about carrying them on the COACB digital stations. We will be able to carry six programs at a time on our digital stations. Each program will look just as good as satellite TV or DVD quality. In fact we could carry eight programs at a time at VHS quality or 10 programs at what we call talking head quality.

So all you need is a digital ready TV and a \$10.00 antenna and you can then thank God for your free wireless cable system. (19 digital TVs start at just \$115.00).

A NEW LOOK

Major changes are being happening at the COACB corporate center. Digital is on its way and for the COACB digital means six programs at the same time on each station. Jonathan Aiken and John Peterson are working on multiple sets for each studio so each studio can adapt very quickly. Viewers will get to see their handiwork because during our summer telethon, the COACB will use at least five different sets each hour. **WOW !!!**

COACB VOLUNTEER

Paul Walter has been a COACB volunteer for 12 years. He works the control room and helps with the printing of the newsletter. **Thank you, Paul, for being a COACB volunteer.**

"Mts Smiff," he said, Momma say you have some new rugs. May I pwease see therm?" Mrs. Smith looked down at him and smiled. "Of course, Alphonse. I'm glad that little boys like nice thing." She took him by the hand and led him into the front room where the new carpet was. Alphonse just looked and looked. He even got down on his hands and knees. He stood up and looked quizzically at Mrs. Smith. "Well," she finally asked.."What do you think of my carpet?" Alphonse thought for a moment and then said, "I don't know about my mother." Mrs. Smith was intrigued by his answer. "What do you mean you don't know about your mother?" In all innocence, Alphonse replied. "Well, Mrs. Smiff, that rug doesn't make me sick."
