COACB TV NOW

We are a nation that usually gets what it wants, when it wants it, so, what would you think about a TV station that the time for every program is now. You could watch what you want, when you want to watch it. Oh, Did I add that you can watch it from anywhere in the world. Yes the COACB has developed that technology.

The programs are stored on a server connected to the internet backbone and can be accessed by your home computer, any computer equipped with a high speed connection, or even some cell phones and PDAs. Each half hour program is stored as MPEG4 and uses just 300 Meg of disc storage space. Depending on the software on your computer, you can watch it as a video stream or even download the whole program to watch over and over again.

You ask, when will it be available? We plan to launch the service Christmas Day. We will initially make available 5 hours of programming and will expand it as additional funding becomes available. You can reach COACB TV NOW through a link on the www.coacb.org website.
