TV-8 GOING BACK ON THE AIR

As the newsletter goes to press, our crews are working hard in Columbus putting TV-8 back on the air. The station was running 84 watts with damaged antennas when we took it off the air to move it to its new location. It will go back on the air in steps. The first step will be 400 watts, then two weeks later, the power will be increased to 3,000 watts. The station will then be running 32 times the power it had been running and should provide much better coverage of Columbus.

When the station left the air it was re-broadcasting the signal of Delaware's TV-42. When the station returns to the air it will use Gospel Music Television as its network feed and both local and COACB produced as well as national programs to fill out its broadcast day. There is absolutely nothing like it on cable. TV-8 is an excellent station to watch, and one Columbus will be very proud to claim.

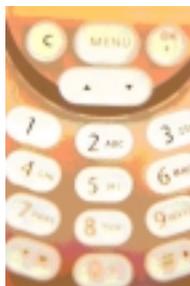

This station is also definitely one station that is worthy of purchasing an antenna just to see it in action.

HOW TO GET TV 8

Tell your Cable Company that you want TV-8 now or you are going to buy an antenna. Your Cable company knows that digital is coming and in just 20 months analogue TV stations must shut down. Digital is very efficient and each digital station can carry up to six programs at the same time so even with a very cheap indoor antenna you will be able to receive over 50 program channels for free. Wal Mart already has a 13" digital TV for under \$100.

THANKS

"Thanks be to God, who always leads us in victory through Christ." (2 Corinthians 2:14)

It is great to look back and see what Christ has done in our lives. I have a prayer journal that I write in often to remind myself of the good things that God has done in my life. I think it is important to take a moment to look back at all the things that God has blessed us with and brought us through. Remember to give thanks for the things God has done in the past and expect great things in the future.
