How To Get All COACB CHANNELS

Tell your Cable Company that you want all COACB channels now or you are going to buy an antenna. The word is getting out that you can get a lot of channels for free with a good outside antenna. Cable and satellite companies have already lost millions of customers because people are starting to go back to free over the air television.

Did you know that the COACB broadcasts six program streams on each of its stations and with a good outside antenna and preamp you can receive up to 50 program channels for free. Even with an inside antenna people still receive up to 20 channels for free. Yes cable and satellite companies are very worried.

The Clock on 39.6

Carolyn Aiken

I love clocks. When I heard the details about 39.6, I told Jonathan and David that I had a request. I told them that I would like a clock incorporated somewhere on the screen. I told them that I liked to exercise and I could use the clock as a timer. In addition to that I could have the background music to listen to for rhythm. Much to my surprise Jonathan filled this request. He had told me that it would cost quite a bit of money to do it but somehow he found a way to do it for free.

Now I am exercising on the stationary bike daily plus the tread mill and using the clock for timing. In addition when I am on the bike, I close my eyes and have a little talk with my Father. It is my quiet time with him. Try it. You will feel better physically and spiritually. If you need to know what time it is, tune in to 39.6. It is on 24 hours a day 7 days a week.

THANKS

"Thanks be to God, who always leads us in victory through Christ." (2 Corinthians 2:14)

It is great to look back and see what Christ has done in our lives. I have a prayer journal that I write in often to remind myself of the good things that God has done in my life. I think it is important to take a moment to look back at all the things that God has blessed us with and brought us through. Remember to give thanks for the things God has done in the past and expect great things in the future.
