Heat Related Freezing

Paul Walter

How can heat be related to freezing? Normally one would think that it takes cold temperatures to make freezing possible. That is not the case here at the COACB.

The Bible says that we Christians are a peculiar people. By the world's standards I suppose we are. Perhaps also the COACB is a peculiar organization in that we are experiencing heat related freezing. With the advent of digital television technology comes an abundance of options, each with its own piece of electronic equipment. Not only is there a power supply required for each one of these, they produce a certain amount of heat while in operation. Our stations operate 24 hours each day, 7 days each week. That amounts to a lot of heat buildup. Most electronic equipment has thermal protection so that at a certain temperature the equipment shuts itself down so it does not damage the internal components. That overheating condition is what causes the "freeze" you see while watching your program.

We know we need to circulate cool air through the equipment rack the help stave off the freeze but our air conditioning unit decided to kick the bucket when we fired it up. With warmer temperatures outside and no AC inside, we are only able to circulate warm air over the equipment. Therefore, we experience heat related freezing. We hope to soon have funds to repair the AC unit, so that cool air will prevent freezing. Peculiar!

Mini- Telethon for June

Did you know that one out of every five American families no longer has anyone in the family with a job and over 90 million Americans are no longer in the workforce? The US economy is definitely suffering and you have probably noticed many Christian Organizations asking for money lately.

The COACB has also seen its income drop and has decided to have a mini telethon June 5 (2 PM to 4:30 PM) and June 6 - 9 one hour each day (8-9 PM)

Joyful Noise

Carolyn Aiken

Make a joyful noise unto the Lord all the earth. Psalms 98.4

The purpose of this article is to enhance our Saturday night singings.

We have and do come up with talented singers from all around our area and outside of our state. They come and sing with their whole hearts in it. Yet the live audience inside of our building is few in Number. Please put the 1st and 3rd Saturday nights at 7:00 PM on your calendar and join us at 1282 North Main Street, Marion, Ohio.

We know that many view the singings from home for which we are thankful. However, seeing the singings in person is exciting for the audience and encourages the singers. Fellowship and worship with Others is good for the soul.

Any suggestions to help us out would be appreciated. God Bless You. Carolyn Aiken

Friends of The COACB

About a dozen Prayer Warriors gather on the second Saturday of every month from 7 PM - 9 PM for this live call in prayer session aired on all COACB stations. Prayer requests have come in from as far away as Australia. Tune in expecting to see a miracle.

COACB VOLUNTEER

Victoria Aiken

Tori is this month's Volunteer of the Month. Tori works as a computer programmer so often the COACB seeks advice from her on computer problems. Victoria is also a control room Operator and Phone Operator in addition to being wife of Jonathan Aiken COACB GM. Thank you Tori for all you do.

TRY THESE RECIPES!

GRANDMA SHORT COOKIES

By Corble Raltiff

1 cup butter, 2 cups sugar, 3 eggs, 3 1/2 to 4 cups flour, 2 teaspoons soda, 2 teaspoons baking powder, 2 teaspoons vanilla, 1 cup buttermilk

Cream butter, sugar, eggs and vanilla. Add dry ingredients and buttermilk. Mix all ingredients and store in refrigerator in a covered bowl for 24 hours. Drop by tablespoon onto greased cookie sheet. Bake at 375 degrees for 8 to 10 minutes. Use any frosting you prefer. I make my own by using powder sugar, egg white, vanilla and milk and mix to a spreading consistency. These cookies can be frozen.

PINTO BEAN PIE

By Louise Lowe

1 can (15 oz.) pinto beans (mashed with juice), 2 cups sugar, 1 teaspoon vanilla, 1 stick margarine (soft), 1 cup coconut, 1 cup crushed English walnuts. Mix all together. Pour into unbaked pie shells. Three small or two large. Bake 350 degrees, 45 to 60 minutes. Good with cool whip.

SALMON APPETIZERS

By Thelma Aiken

One 15 ounce can salmon or 2 cups cooked salmon (flaked) One 8 ounce package of creamed cheese, softened, 4 tablespoons mild or medium salsa, 2 tablespoons chopped fresh parsley, 1 teaspoon dried Cilantro, 1/4 teaspoon ground Cumin (optional), 8 flour Tortillas (8 inch)

Drain salmon. Remove any bones. In a small bowl combine salmon, creamed cheese, salsa, parsley, and Cilantro. Add Cumin, if desired. Spread about 2 tablespoons of the salmon mixture over each tortilla. Roll each tortilla up tightly and wrap individually with plastic wrap. Refrigerate for 2 or 3 hours. Slice each tortilla into bite sized pieces. Yield 48 appetizers.

MOM'S PIZZA MAC

By Art Dodge

1 (7 ounce) box cooked macaroni, 1/2 cup milk, 1 teaspoon salt, 1 egg, 1 pound hamburger, browned and drained, 2 cups pizza sauce, 1 can mushrooms, 1 package pepperoni, 1 small onion, diced, 1 green pepper, diced, 2 cups mozzarella cheese, 1 cup shredded cheddar cheese.

Preheat oven to 350 degrees. Beat milk, salt and egg together. Put macaroni on a greased cookie sheet. Spoon over sauce. Top with hamburger, mushrooms, pepperoni, onion, green pepper and cheeses. Bake 30 minutes.

Channel Changes

The FCC has decided to take 120 meg (20 UHF channels) to sell to wireless internet companies. This means that some UHF stations move to the High VHF and even to the low VHF bands.

For Digital TV, The UHF channels (14 - 51) are the best channels to use followed by High VHF (7-13). Low VHF (2-6) are the least desirable. Because the high VHF and Low VHF channels do not work as good as UHF the FCC may offer compensation to some stations that will move to those channels. In some cases the FCC will purchase stations so they can sell the frequencies to the wireless carriers. All TV stations will then be repacked into a much smaller bands, so none of us know what channel we will be going to after the repacking.

KEY LIME PIE

Rachel Bird

Graham Cracker Crust 1/2 cup lime juice; 1 can eagle brand sweetened condensed milk; 1 large cool whip

Beat with mixer well until fairly stiff. Pour into shell. Refrigerate.

STORIES FROM MY RELATIVES

John Hoffman

My Uncle Ghizz, his last name was Moe. He lived close to the Mexican Border in Lower California. A lady, just across the border had identical twins. She couldn't properly care for them so she put them up for adoption. After much consideration, Uncle Ghizz and his wife took them. One was named "Juan" and the other one, "Amall". It became too much for Uncle Ghizz and his wife to care for both of them. Fortunately, they had friends in Alaska who adopted Amall.

About four years later, Uncle Ghizz's wife was combing Juan's hair. She sighed wistfully and said, "I sure would love to see Amall. I wonder what he looks like." Uncle Ghizz was quick to reply. "When you've seen Juan, you've seen Amall."

The **CHRISTIAN BROADCASTER** is published monthly by The Central Ohio Association of Christian Broadcasters Inc., an Ohio NOT-FOR-PROFIT Corporation. The IRS recognizes the organization as a type 501(c)(3) organization. Donations are **TAX DEDUCTIBLE**.
