WE NEED TO STAND

Jonathan Aiken

Have you noticed that the entire Christian community is under attack? The Ninth Circuit Court of Appeals stated that it is unconstitutional for school children to say, "One nation under God" while reciting the pledge of allegiance. Although it is said that we have freedom of speech, a student can be charged with Contempt of Court for offering a prayer at a school graduation. Yes it is true, you can even go to jail for just praying within 1000 feet of an abortion clinic. Also this week, a federal judge issued a ruling that the *National Day of Prayer* is unconstitutional, and two days ago, the Pentagon, although it had earlier invited Franklin Graham to come there for a prayer service, rescinded that invitation saying some groups would be upset by his praying there. There are even lawsuits in progress to have all the crosses removed from the graves of our soldiers in federal cemeteries.

Satan definitely knows that his time is short and he and his servants are in an uproar. At the COACB we sing and preach the praises of Jesus Christ and share the love of his words so we know that trouble will soon come. Efforts are already being made to have all Christian programming removed from the airways and soon any Christian that will stand for Christ will put his life in danger. We need to work as hard as we can in the short time we have left and reach as many souls as possible.

"...Be strong in the Lord, and in the power of his might. Put on the whole armor of God that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole armor of God that ye may be able to withstand in the evil day, and having done all, to stand." Ephesians 6:10-13

DEATH OF CABLE TV?

Cable TV has already lost 30 percent of its customers to the satellite companies and it is about to lose a whole lot more. How many people will continue to pay \$60.00 per month for cable when they can receive 70 channels for free? Here in Ohio, a good outside antenna with a preamp will get you from 30 - 40 free program channels. More are being added every month. In Los Angeles, most people can currently receive 70 free program channels with an inside antenna and the number of people leaving cable already has trade magazines asking, "How long can cable survive in Los Angeles?"

TV-8 UPDATE

The tower crew ran into an unforeseen problem in stalling the transmit antenna for TV-8. They found that to go by a certain level on the tower the installation crew had to wear a special RF Protection suit, and the tower company did not have one. The suit has been ordered and TV-8 should be on the air by April 29.
