VOLUNTEERS MOVING THE WORLD

David Aiken

You will see the ad on page 2, the COACB is seeking volunteers and you may wonder why so many positions are available. Most people have never considered just how big the COACB has become. We operate four television stations, multiple production facilities, and a website, and we are still expanding. Additionally, we have DVD and CD publishing, post production, and printing and publishing facilities. The COACB has even become a legend among Christian groups across the US and even around the world with groups constantly contacting the COACB for advice in advancing their ministries. You may wonder how we accomplish all of these things with only three paid employees. We owe a lot of our success to the hundreds of volunteers who go above and beyond what is normally expected of people today. We could not survive without their loyalty, dedication, willingness, and hard work. They are the shining stars of the COACB. You, too, can be a part of something that is world class. You can be a COACB volunteer and help move the world.

BREAKING NEWS

FLASH - It's official, we received the paper work from the FCC. Kenton can go digital with a service area that is four times larger than its analogue service area. We now need \$7,000 to do the digital upgrade. PLEASE HELP the COACB with this project.

FLASH - We are anxiously awaiting further word on a special NTIA grant to reimburse the COACB for a portion of the money it has spent to go digital. It appears that the COACB has qualified for a grant. The FCC sold spectrum in the UHF band and is using part of the money for the converter box program and helping some rural stations to upgrade. The NTIA says they expect the checks to go out about September 25. Although we have been assured that everything is on track, we will continue to hold our breath and pray for other revenue until a check actually arrives.

FLASH - Telethon and Auction October 7 - October 11. Plan to be a part of this COACB telethon.
