Columbus Station

Have you heard! We are moving the Columbus WGCT antenna to the WBNS tower in downtown Columbus. Our antenna is going to be about halfway up the 839-foot tower. We will be able to reach thousands of more of people in the Columbus area. With this new location, all of Franklin County should be able to receive the station with an indoor antenna. The COACB broadcast antenna is slated to be shipped from the manufacturer in Illinois on July 27th. We are hoping to be up and running by September 1st weather and labor permitting.

The move and new antenna will cost us around \$43,000 but with your financial support we are making this happen and spreading God's word to even more people. Also, make sure to help us spread the news of our expansion to all of your family and friends in Franklin County.
