## Lightning hits TV39

As some of you may be aware our tower was hit by lightning on Saturday, May 21, around 6:30 p.m. Tyler, Shannon, and Amos were at the station getting ready to go live with the 3rd Saturday Gospel Singing. The walls vibrated so loud that they thought the building was coming down. All the power went out and the breakers were tripped. Several key pieces of equipment were blown and we were off the air for about 5 hours. The largest of the problems was the multiplexer. Luckily, Tyler remembered an older one we had stored in the backroom and was able to get it hooked up that night. Our phone lines were down and several other pieces of equipment blew. It is going to run over \$10,000 to complete all the repairs. Jon and Tyler have been working hard to get new parts ordered and replaced. We have insurance to help cover the costs of replacements and repairs. Thank you everyone for all the prayers.

## Backroom Deals are Here!

Did you happen to catch the Lights, Camera, Shop, Backroom deals on Friday, May 6th at 4 pm. We will be having another one on July 1st at 8 pm. Be sure to tune in to get some really great bargains. We are having this on the first Friday of every month, so be sure to tune in. You can watch us on 39.1 or Facebook/Lights, camera, shop. If you are watching on Facebook at a later time feel free to stop in and see if we still have something that caught your eye or you can give us a call.

## Antenna is on Order

The plans for WGCT to move and increase their power is well on it's way. The antenna for WGCT is on order and in production. The antenna is being made by Alive Telecom. They informed us that the antenna takes roughly 8 weeks to make and be shipped out. We are still inquiring about tower crews to install the antenna on the WBNS tower in downtown Columbus. Hopefully, the project will be finished by the end of September if not earlier. When the project is finished we should be able to reach roughly 2.2 million people in the Columbus areas.
