Last month, Jonathan Aiken and Tyler Amburgey went to the **National Association of Broadcasters** convention in Las Vegas on April 16th through the 19th. They came back with more knowledge and big dreams of how to make our central Ohio Christian TV stations bigger and better than ever. We have many improvements slated for this next year, including adding a new multiviewer wall in the master control room in Studio C, fixing the tally lights in Studio A, and getting some new 4K cameras for Studio A. If the budget allows it, we will also revamp the Prayer Line sets that we use Monday through Friday at 7:30pm as well. We have many plans for the next year!
